Importance: High

Lois,

The Gold King Mine mentioned in the article is not on the NPL and may be a removal action that Region 8 was conducting. Do you want me to check further? Thanks.

Is this one of our sites? Respond on work email pls.

DENVER (AP) — A million-gallon mine waste spill that sent a plume of orange-ish muck down a river in southwest Colorado on Thursday was caused by a federal mine cleanup crew. The U.S. Environmental Protection...
